

ORDERS 'DOPE' SALE STOPPED

Des Moines Chief of Police Starts Ball Rolling.

RECEIVES PATHETIC REQUEST

Husband Whose Wife Is Addicted to Habit Wants Procedure Delayed Until Mortgage on Home Is Wiped Out.

(From a Staff Correspondent.)
DES MOINES, Ia., Oct. 21.—(Special Telegram.)—Chief of Police Jenny received a remarkable request today in connection with an order he has just issued for the police to be vigilant in stopping the sale of cocaine or morphine or other habit forming drugs. The letter came from a man who wanted the campaign stopped.

"In the name of God, my friend, don't make an attack on the sale of morphine," the letter begins. "My wife, dearer to me than life itself, uses it. We cannot take her away and get her cured until the mortgage on our little home is paid off." Despite this the order to stop the sale was given.

Lack Dismissal Papers.
No reply has been received at the convention of the Evangelical Lutheran synod from Rev. Mr. Albrecht of Council Bluffs, who it is alleged has violated the rules of the synod in failing to file his dismissal papers from another synod. No official action on the case has been taken by the convention.

Council of Churches.
Governor T. W. Clarke has accepted the invitation of the committee to deliver the address of welcome to the Federal Council of Churches at a state meeting to be held in Des Moines November 12 in connection with the work of the National Reform association. This is to be a meeting similar to the one held last year in Portland, Ore., by the Christian churches. On the program will be Ng Poon Chow of Canton, China, a noted Chinese reformer and church worker, also Judge Cleland of Chicago and James S. Martin of Pittsburgh, secretary of the Reform association.

No Truth in Story.
It turned out as expected in the matter of the complaint by a Postville undertaker as to the cause of death of an insane man at the Independence hospital.

Give Your Bowels the "Every-Day" Habit

Dodge's Little Laxa Caps are the Best Thing Yet—A Marvelous Medical Discovery That Stops Constipation Once for All.

ECZEMA ON FACE ITCHED SO SHE COULD NOT SLEEP

Suffering Almost Intolerable and Did Not Go Out Without a Veil. First Use of Resinol Brought Relief.

Chicago, Ill., June 20, 1913.—"I had a severe case of eczema on my face. It looked like little red pimples and got so bad that I did not go out without wearing a veil. I could scarcely sleep at night, the itching and burning were almost intolerable. I had been suffering from this for several weeks and had tried several salves but with practically no results. I did not know what I should try next. After one application of Resinol Soap and Resinol Ointment I was able to have a good night's sleep. I used Resinol Soap and Resinol Ointment for only about two months and I was completely cured.

"My brother was troubled with pimples on his face and Resinol cured him also." (Signed) Miss G. Ewald, 2815 Castello Ave., Resinol Ointment and Resinol Soap skin itching instantly and speedily heal skin humors, dandruff, sores, burns and piles. Sold by every druggist. For free trial, write to Dept. 19-R, Resinol, Baltimore, Md.

QUICKLY STOPS THE WORST BACKACHE

Crozone Makes Kidney Troubles, Bladder Disorders, Rheumatic Pains Vanish

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tortured with rheumatism, stiff joints, and its heart-wrenching pains, you will be surprised how quickly and surely Crozone will relieve all such troubles.

It soaks right in through the walls, membranes and linings, neutralizes, dissolves and makes the kidneys sift out and filter away the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used. It is practically impossible to take Crozone without results. It starts to work the minute you take it and is guaranteed to relieve you the first time you use it, or cost you nothing.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder trouble, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or bothered with urinary disorders, Crozone really will relieve your misery and do it quickly. An original package costs but a trifle, and all druggists are authorized to return the purchase price if it fails in a single case.—Advertisement.

The man was Peter Njsteen and he was buried at Castalia. But the Postville undertaker, after the burial, started the story the man's neck had been broken, which was brought to the attention of the State Board of Control, and the three members went to Allamakee county last week and had the body exhumed and an examination made. It disclosed there was nothing to the story. The relatives of the man are well satisfied with the result of the examination, and a chance for a big sensation went glimmering.

State Salaries Too Small.
Legislative disposition to pass state salaries below the limit came in for a share of denunciation at the meeting of the State Library association when F. P. Dawley declared that Miss Alice Tyler resigned as secretary of the state commission and went to Ohio because of the legislature's refusal to add \$200 a year to her salary. The salary was \$1,000 a year. It was declared the action taken was "because one senator, insisting upon petty economy and imbued with un-American ideas against the employment of women in public office," was allowed to have his way. The same situation, however, is declared to exist as to every one of a dozen or more places, and state officials have been having a hard time getting or keeping competent help for the transaction of state business.

Mine President in Iowa.
John P. White, president of the United Mine Workers of America, has rented a residence on Twenty-second street, I-4, and will soon remove here to make Des Moines his permanent home. He has been the last summer in Colorado a great deal of his time in connection with the labor troubles in the Colorado coal mines, and he travels a great deal for the organization. While the headquarters for the order for the United States and Canadian provinces is in Indianapolis, yet Mr. White prefers to remain in Iowa, where he was for several years head of the organization for Iowa and Missouri before becoming the president of the entire order.

Sunday Base Ball Appealed.
Attorneys from Cedar Rapids have appealed the case from Linn county court involving the effort to remove the mayor and chief of police of Cedar Rapids for alleged failure to enforce the laws in that they permitted Sunday base ball in the city. The district court held they were not willfully negligent, for they had received an opinion from the city legal department upholding them in a policy of noninterference. The attorneys seeking removal insist the opinion was by an assistant city attorney, who was himself a patron of Sunday base ball and prejudiced.

Rate Cases Not Yet Decided.
Judge Henderson of the commerce court returned today to Chicago for further work in connection with the Iowa rate cases. At the hearing last week before Judge Prouty of the Interstate Commerce commission it was developed the commission does not expect to order the schedule of rates from Iowa to western Nebraska and western Kansas until the order is made also in what is known as the Interior Iowa cases involving rates from the far east to these Iowa points. It was found the railroads object to the orders as to these proposed rates from Iowa to the west. They claim that while there is a slight increase of rates into eastern Nebraska the longer distance rates are lowered.

Highway Commission.
The State Highway commission has issued a statement denying the charge in Shelby county that the new road has increased the bridge overdrift and claims against the county which have been made the basis for agitation to call a special legislature to repeal the new road law.

Figures are given to show that the bridge overdrift will be less the first of next year than on last January 1, and it is pointed out that the elements and not the road law were responsible for most of the claims against the county.

Choked on Iowa Chicken.
While eating dinner at the home of O. O. Roe on Pennsylvania avenue yesterday, the Rev. Dr. L. P. Ludden of Lincoln, Neb., almost choked to death on a chicken bone. A physician was called and the bone was removed after sticking in the windpipe for several hours.

100 Girls Locked Up in "Firetrap" By State of Kansas

TOPEKA, Kan., Oct. 21.—More than 100 girls each night are locked in rooms behind padlocked doors and heavy wire screens at the Girls' Industrial school at Beloit, with no chance for escape in the event of fire, is the text of a report made to Governor Hedges today by Deputy State Marshal C. N. Miller.

The report recites that the windows in the rooms are four feet from the floor, that individual keys are required for each of the more than 100 rooms, that there are no fire escapes on the four-story building in which the girls are caged and that the building is a veritable fire trap, with a wooden stairway as the only possible means of escape.

Following the filing of the report Governor Hedges ordered the padlocks and individual keys on the doors. This will enable the superintendent to unlock all rooms by use of one switch.

WIFE SAID SHE WISHED ADMIRAL DEAD, SAYS WITNESS

PLYMOUTH, Mass., Oct. 21.—Rear Admiral Joseph G. Eaton died from poison, at least one dose of which was administered within six or eight hours of his death, during which time, the testimony showed, he was unconscious.

This statement of medical experts, was the principal evidence introduced by the government in its efforts to support its charge that the admiral came to his death at the hands of his widow, Mrs. Jennie May Eaton, now on trial for her life.

That Mrs. Eaton had many times said that she wished her husband was dead, was the statement of the witness stand today by Henry M. Cates of Rockland, who knew the family in 1910.

Mrs. Eaton still maintained, to a large extent, the composure which she has manifested during the proceedings. Occasionally during the medical testimony she bit her lips and again broke out in laughter at the testimony of acquaintances.

OFFICIALS HEAR GRIEVANCES

West Leavenworth Improvers Kick to Howell.

WATER COMMISSIONER TALKS

Spouts Forth Several Long Technical Phrases Which So Bewilder Hearers They Forget Their Troubles.

The West Leavenworth Improvement club held a very animated meeting in a deserted and extremely chilly restaurant room at Forty-eighth and Leavenworth streets, Tuesday night, when two of Omaha's hard-working and much-abused commissioners, Kugel and McGovern, and R. Beecher Howell, big boss of the Water board, exchanged light repartees and much Missouri love-talk with the members of the club. Some of the members thought they had a grievance or two until McGovern and Kugel joked them out of the notion and Howell had turned loose with some technical talk and explanations that so bewildered them that they couldn't think what they wanted to kick about.

Kugel gave an interesting talk that was decidedly informal, in which he recited his troubles and trials as nurse-girl for some 600 miles of Omaha's streets. It is a big job, according to Kugel, and he said he couldn't afford to feed 'em champagne on a bear appropriation. The members of the club sympathized heartily with Mr. Kugel and assured him that the West Leavenworth people would not annoy him by asking for any of his money if they could help it.

In explaining his trials Kugel spoke with much emphasis about the disagreeable "raking over the coals" he received from disgruntled citizens of this fair city when all the time the aforesaid disgruntled citizens were yelping about the short-comings of McGovern's department.

Mr. Kugel wished to impress upon the members that, if they wanted to protest about Mr. McGovern's work, to please do so at McGovern's office and not at his office, as so many have been wont to do.

McGovern Retaliates.
McGovern immediately got possession of the floor and returned his colleague's compliment with several additional encores. Then the members of the club joined the discussion and a hot old time was enjoyed until R. Beecher Howell put in a belated appearance a few minutes after 9 o'clock. Howell put a damper on the festivities by entering into a very formal and dignified discussion about why the Water board didn't do a lot of things most people think it should do. When one member of the club related that at a recent fire the stream that emerged from the fire hose barely had enough pressure to throw the water ten feet, Mr. Howell roused a bit and out loose with some very late stuff about the reservoir being high and the location of the fire being high and between the two, and the additional fact that the fire hose offered a frictional resistance, it couldn't be expected that the water could go very far.

When another member asked the method of procedure to secure water at Forty-second and Pierce, where at present there are no city improvements whatsoever, Howell invited the member to visit him at his office, where they could have a nice private little chat. But another member came to the commissioner's assistance and informed him that the street was as yet ungraded and of course Mr. Howell never installs water mains where the streets are not graded.

Confesses Part in Robbing Rich Recluse

HARPER, Kan., Oct. 20.—Eli Girard, a farm hand, 21 years old, confessed today according to Donald Muir, county attorney, that his brother, Peter Girard, Frank J. Morrison and himself murdered Charles Johnston, a wealthy recluse, in 1909 for the purpose of robbery. They secured no money, according to Girard, who had previously served a term in the Kansas reformatory for robbing Johnston of \$1,000.

List of Dead in Wreck Seventeen

MOBILE, Ala., Oct. 20.—Unless others of the ninety soldiers in local hospitals die of injuries suffered in the wreck of the Mobile & Ohio troop train near State Line, Miss., Sunday afternoon, the list of dead will stand at seventeen, according to the railroad undertaker's report tonight. Officials of the railroad company say that there are no other bodies in the wreckage. Physicians do not believe there will be more than one death among the injured. The most seriously hurt is Private Ostrander of the One Hundred and Seventieth company.

Joins Washington Y. M. C. A.
WASHINGTON, Oct. 20.—President Wilson joined today the local branch of the Young Men's Christian association, becoming a regular member. Several other presidents have been members of the organization during their Washington residence.

Mother! If Child's Tongue Is Coated

If Cross, feverish, constipated, bilious, stomach sour, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailments, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled!

Call for Harley Moorhead!! Fraud in O. H. S. Elections?

Call for Ha-a-rie-y Moorhead! Call for Ha-a-rie-y Moorhead!

Up and down the corridors of the Omaha High school a figurative call has gone forth for a figurative Harley Moorhead; for a political panacea; a Berillon system of registration, or anything in fact that will frustrate a band of youthful political gangsters, which, it has just been discovered, has been controlling high school elections by chicanery, fraud, coercion and other true gang methods.

Thus, there have been no election judges or anti-gang voters beaten up at the polls, nor has evidence of "repeating" been found, but a ruling made yesterday by Principal Kate A. McHugh concerning the election of class officers brings to light the startling fact that in the Omaha High school in years past, embryo "Hinky Dinks," "Bath House Johns," "Murphy's," et al., have been pulling the political wool over the eyes of "the plain people," or as Miss McHugh says, "the other pupils."

It is stated that during the junior class elections in the past, the "gang" has "run in" hoards of politics-wise seniors

CONFERENCE ENDS SESSION

Rev. Mr. Jones Speaks About Social Side of the Church.

MANY PEOPLE ARE MORALISTS

S. J. Hanford Elected Register and Treasurer of the Conference for Three Years to Come.

The fifty-seventh annual Nebraska Congregational conference came to a close at the St. Mary's Avenue Congregational church last evening with an address by Rev. J. T. Jones of Council Bluffs, who spoke on the "Enlarged Opportunities for the Church in Social Leadership." Officers for the ensuing year were elected as follows:

Mr. Jones spoke at considerable length and put emphasis on the lagging spirit of present-day church members. He said that too many people were moralists and went to church on Sunday and never thought of it as anything but a place to worship. "And that tendency must be modified," continued Rev. Mr. Jones. "We must urge the people to take a greater interest in the social side of the church. It is the duty of the pastor to interest himself in his parish and if the pastor does his share and the members of the church co-operate with him I am sure we will have a much stronger church in this country and when we have a stronger church we will have a stronger country."

Officers Are Elected.
Yesterday afternoon S. J. Hanford was elected register and treasurer of the conference for a term of three years. Rev. John Croker of Clay Center, Rev. Frederick W. Leavitt of Omaha and Rev. J. N. Bennett of Crete were reaffirmed as the committee of three who would represent the state conference at the National Council of Congregationalists at Kansas City this month.

The board of directors, who will direct the affairs of the conference next year, were appointed also. Rev. Edwin Booth of Norfolk, Rev. C. H. Rogers of Lincoln and O. M. Needham of Albion were

and sophomores and thereby demoralized the honest hopes and ambitions of the "plain people."

Whether these "ringers" were bribed with slate pencils, chewing gum or bribe pipes cannot be learned, but it is certain that in some cases more votes were cast at the elections than could possibly have been polled had the entire junior class even voted twice all around, which would have been too raw for even the "plain people."

Miss McHugh's action is taken in consequence of certain juniors who suffered from gang methods, it is said. She will not admit that there has been any fraud, but as a precautionary device, has established the system of registering every member of each class for all elections. Each classman will have his grade marked upon his credentials, which he must present at the polls with his vote, alias name naturalization papers.

It is also said that a student sleuth system will be established to make sure that there is no trafficking in votes or that the election judges are not compromised.

three new members of the board of directors elected.

Rev. E. F. Wright of Friend, Rev. G. R. McKeith of Exeter and B. A. Warren of Harvard were elected to represent the state Congregationalists in the board of directors of the Anti-Saloon league of Nebraska.

Banners were awarded to the Sunday schools which secured a gain of over 75 per cent in the attendance of their Sunday schools. Grand Island won the big silver cup for the best attendance and Dunning won the big banner for the biggest increase in attendance. Peru, Hastings, Fairfield, Franklin and Farnham won pennants for increase in attendance.

Rev. P. S. Polson of Lincoln was appointed a delegate to Columbus, O., in November to the big convention of temperance workers. State Superintendent Carver of the Anti-Saloon league, who spoke at the conference, said that fully 20,000 temperance workers would be in session at the meeting, including Anti-Saloon workers, Women's Christian Temperance union members and members of the prohibition party. The object of the convention is to draft plans for a campaign for nation-wide prohibition.

who made short talks were E. J. Hainer, who spoke on the University commission; Rev. J. B. Stocking, who spoke on the Anti-Saloon league; Rev. William Richards and Rev. W. A. Tyler, both of whom gave short talks on Sunday schools out in the state. Rev. J. R. Beard of Omaha conducted the devotional hour. Rev. S. H. Buell, Rev. W. D. King, Rev. R. S. Lindsay, Rev. S. I. Hanford, Rev. C. H. Rogers, Rev. F. T. House and Rev. J. A. Jenkins submitted committee reports.

Members of Ad Club Hold Discussion on Letter Writing Art

How to write the best of business letters was the subject discussed for some hours last night by thirty members of the Ad club at their dinner at the Rocco hotel. Letter writing is one of the vital subjects with advertising men as well as with most business men, and the Ad club is desirous that its members should know the best and most approved methods extant.

Matters concerning the heading and closing in addressing strangers were considered, and especial attention was given to the prominence to be given to the full name, and street address of the writer on the theory that many large business houses will not waste postage to risk a reply to a letter if the street number is not clear, as they think the chances of its reaching one in the city are small.

GATHER FOR HOUSE WARMING AT L. C. RUSMISIL'S HOME

The faculty of the Commercial High school, including the wives of the married teachers, spent a most enjoyable evening at the home of Principal L. C. Rumsil on Friday, October 17. This gathering was sort of a house warming

for the new home of Mr. Rumsil. Several of the teachers gave musical selections and everyone present joined in wishing the best of luck for the new home.
